Thomas McKenzie, who has been spending a week's vacation at Dr. J. H. Jones', returned home yesterday morning. Mr. McKenzie is a well-known civil engineer and has an excellent position as superintendent of the Western, R. I., water works. He was the engineer in charge of putting in the water system for this village and the thoroughness with which this work was done is a testimony to his ability in this line.

Bradford has a number of sportsmen who are fond of hunting and they are talking now of getting up a grand hunt to conclude with a banquet at the expense of the losing side. Arrangements are not yet made but it is hoped the hunt can be put through and a good time had out of it. Kemp & Coffrin know a thing or two about fishing and are anxious for an opportunity to show off their ability as sharpshooters. Kemp has a whole armory all ready for action.

The September issue of the Vermonter is a peace number. It contains a full page portrait of Admiral Dewey and a full page memorial of the Vermont soldiers who died in the service of their country. It gives a complete daily reference to the part taken by Vermont and the Vermont volunteers in the war. There is also an article on Modern Medical Science, with portraits of members of the State Board of Health. Another portrait shows the field and staff officers of the Vermont regiment.

Particular attention is called to the notice, published in another column, of the meeting of the pew owners of the Congregational church to be held Sept. 24. It is absolutely necessary to do something to the roof of the church. Several weeks ago four or five of the pew owners met and voted to repair the roof but a careful inspection during a long rain showed that the roof ought to be reshingled or slated, in the judgment of some. Hence another meeting is called. This matter is too important to be neglected and all the owners ought to be out at the next meeting or not complain if they are assessed to pay for slating the roof.

Cognition.

The gentlemen of the bar, who not infrequently have to take rebukes from the bench, greatly enjoy a chance to make a legitimate retort against the court. The story is told that a certain judge who during the plea of a rather prosy lawyer could not refrain from gently nodding his head in sleep was caught at this by the lawyer, who looked significantly at him.

"Perhaps," said the judge testily and prevaricatingly, "the counsel thinks the court was asleep, but he may be assured that the court was merely cogitating."

The lawyer talked on. Presently the judge, again overcome by his somnolence, nodded off and aroused himself with a little sudden snorting snore.

"If it please your honor," said the lawyer, "I will suspend my plea until the court shall have ceased to cogitate audibly."

"You may go on," said the judge, and he did not fall asleep again. Exchange.

One Minute Cough Cure, cures. That is what it was made for.

SURE CURE FOR EPILEPSY.

JUST READ WHAT DR. GREENE'S NERVURA DID IN THIS CASE.

Fits and St. Vitus' Dance Also Yields to its Magic Power.

It is the Only Sure Cure For These Nervous Troubles.

Any physician will tell you that the medicine which will cure Epilepsy, Hysteria, Fits and St. Vitus' Dance and nervous attacks, is truly a wonderful remedy. Dr. Greene's Nervura will cure them. Parents, therefore, whose children manifest any symptoms of such impending nervous disorders, like nervousness, irritability, moodiness, irregular appetite, headaches, dizziness, disturbed sleep, restlessness, loss of memory and interest in things, face pale, feet cold, fidgeting with fingers, twitching of eyelids, face, limbs, shoulders, or jerking of head, should at once give this specific cure, Dr. Greene's Nervura. It is perfectly harmless, being made from pure vegetable remedies, wonderful in their health restoring powers.

Miss Carrie Van Allen, Bristol, Conn., says: "About two years ago I was taken very suddenly sick, without any apparent cause with a fainting spell, and from that time have been subject to them, sometimes every week, often two or three a day after which I would feel simply miserable. I would not be able to sit up, and could not rest if I lay down, and it seemed as if something would shut my breath off. I could not draw a breath without a groan and would start so I would frighten myself and those around me. My appetite would fail and then chills would follow. "We had often heard of Dr. Greene's Nervura blood and nerve remedy; in fact had known of some cases under our own observation where it had done wonders. I was so tired of medicine that the sight of a bottle and spoon was revolting to me. I said I would not take another drop of anything, but my father prevailed upon me to try one bottle of Dr. Greene's Nervura and see what the effects would be. I did so, and have taken five bottles and I feel like a new person. I consider myself better to-day than I have ever been in seven years."

Dr. Greene, 34 Temple Place, Boston, Mass., can be consulted absolutely free in regard to any case, personally or by letter.

That would we cannot see,
Yet the sweet closing of an eye
May bring us there to be."

Mr. Goodhue was a man highly respected in Vershire and he has been greatly missed here since his removal to Bradford, especially in the church and Sunday school, where his place was made vacant only by sickness or absence.

Ten Million Wheelmen.

It is stated by competent authority that there are ten million people in America who are bicycle riders. Probably each one gets an average of one hurt in a season, and that is just when Henry & Johnson's Arnica & Oil Liniment gets in its good work. Nothing has ever been made that will cure a bruise, cut or sprain so quickly. Also removes pimples, sunburn, tan or freckles. Clean and nice to use. Take it with you. Costs 25 cents per bottle. Three times as much in a 50c. bottle. All druggists sell it and guarantee it to give satisfaction or money refunded.

Corinne Churchill and husband have been in Orford, and are now with cousins here, they reside in Waterbury, Conn. They gave us fine strains from flute and piano, and adorned the piano with a classic bust, greatly coveted. This marble had a supreme stand in the home of the late Dr. H. forty years.

Miss Loring, our fair cantatrice for a season, has, with departing summer vanished from our view, but her living presence we feel with us today. The cottage on the Hill still holds her heart, and her last song was,

"Long ere the morrow, far shall I be,
Friendless, forsaken, far from thee."
Her clay tenement was porcelain and all scenes sat and tuned to the keenest edge, and born only for the admiration of the few. She is vigorously pursuing a course inspired by her genius and six years' attendance at a convent, and all we know of opera we learn from her practice, and now, at the age of 24 her silken sails are wide spread for a flight, and we hope for her a long continued spring-time, followed by years of rest and content.

Discovered by a Woman.

Another great discovery has been made and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she couched incessantly and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamrick & Co., Shelby, N. C. Trial bottles free at J. M. Taylor's drug store. Regular size 50c and \$1. Every bottle guaranteed.

WEST FAIRLEE CENTER.

On Monday the 12th, Mrs. Elizabeth May, widow of Col. Elisha May, died at her home with her daughter, Mrs. W. B. Kimball. On the 10th, Mrs. May completed her 88th year. Four of her five children survive her. She had ten grand-children and eleven great-grand-children. Having been born in 1809, she had a personal knowledge of the four wars of this country during the present century, and being possessed of a wonderful memory was full of interesting reminiscences. She was born in East Sudbury, Mass., a daughter of Edward Hawes, and was first married to James L. Colburn of Boston, by whom she had three children, Mrs. Warren P. Norcross of Wellesley Hills, deceased; Mrs. Chas. T. Miller of Barrington, R. I., and Mrs. P. Everts Dean of Taunton, Mass. By her marriage to Col. May she had two daughters, Mrs. W. B. Kimball of this place and Miss Julia F. May of New York. She was the oldest but one of eight children, two brothers surviving her, J. J. Hawes of Boston and Edward Hawes of Fairhaven, Ohio. From the beginning of her life in this place she has been identical with the social and religious interests of this community. Generous to a fault those less fortunate than herself found in her a true friend. Possessed of a wonderfully perfect physical development she was indefatigable in her home, her church and her social life. The bed of sickness, the hour of affliction found in her a sympathizing and comforting friend. Gifted by nature with a rare poetical nature, beautiful thoughts of the best poets found natural expression from her lips. It could be truly said,

None knew her but to love her,
None named her but to praise.

Her place in our hearts will long remain vacant. Rev. C. G. Fogg conducted the services Wednesday at the church. Kind friends brought abundance of choice flowers and loving hands most tastefully arranged them.

School taught by Miss Minnie J. Heath began Sept. 5th with 27 scholars, and has increased to 30 scholars. Miss Heath is a very successful teacher.

FIRST ON THE KLONDIKE

THE JOSEPH LADUE

GOLD MINING AND DEVELOPMENT COMPANY OF YUKON.

PRICE OF SHARES TO BE ADVANCED AUGUST 31, 1898.

Mr. Joseph Ladue, the pioneer of the Klondike, and founder of Dawson City, aided by some of the most conservative and successful financiers of New York, is operating the strongest company yet formed for mining and trading in the Yukon gold fields.

To this Company he has transferred placer claims on Hunker and Gold Bottom Creeks, the "Marguerite" Quartz Mine, his Saw Mill, his Timber Lease, that virtually monopolizes the saw timber on the Klondike, and large holdings of Choice Town Lots in Dawson City. The Company also owns the S. S. "Morgan City" now earning \$20,000 per month, and has shipped up the Yukon several hundred tons of merchandise for trade, upon which a very large profit is assured. The U. S. Government reports certify that the saw mill produces about two million feet of lumber in the open season, sales price of which is from \$140 to \$240 per 1,000 feet according to class.

CAPITAL OF THE COMPANY.

Preferred Stock, 64 cumulative,	\$1,000,000
Common Stock,	4,000,000
Total Capital, par value, \$50 per share,	\$5,000,000

The preferred stock has a first lien on earnings for its dividend, and on the assets of the Company for its par value, and after all the stock of the Company has received 6 per cent, the surplus earnings are shared pro rata by the preferred and common stock.

Thus the preferred stock practically offers the safeguards and advantages of a first mortgage bond, coupled with an earning capacity as great as that of the common stock.

The undersigned has obtained a short option on a block of this preferred stock which he now offers at par, \$10.00 per share. This option terminates August 31st, 1898, after which the price of the preferred stock will be advanced by the Company to \$12.50 per share.

This is the last opportunity to get the preferred stock at par, and in time to participate in the autumn dividend. Shares will be allotted in the order subscriptions are received.

Send for map of Dawson, and data respecting Klondike.
